INTERCEPTOR®
GREAT COMFORT. BETTER SAFETY.

MANUFACTURED BY **HI-TEC®**

INTERCEPTOR HERITAGE

Interceptor evolved out of Hi-Tec Sports; the footwear company founded in 1974 by Frank van Wezel. It was Frank's love for sport that led him to build an innovative, lightweight and instantly comfortable sports shoe. This lightweight technology could be transferred into safety and uniform footwear.

We answer to the end-user's demand by providing high-quality safety footwear with features that include a range of leather uppers, toe caps, specialised sole constructions and more.

All our footwear offered are tested and certified according to the National Regulator for Compulsory Specifications and the South African Bureau of Standards. In this way, we ensure all products released into the market perform with the purpose for which they were constructed.

SWAHILI TERMINOLOGY

Kusini – South

Razer SP – Mining minerals

Askari – Impi soldier worker

Wanamume – Brother men

Teleza – Slide

Imara – Tough, durable

Safiri – Travel, adventure

CATEGORIES

SB

Toe protection tested with 200J impact resistance.

S1

SB anti-static + resistance to fuel and oil + energy absorption of the seat region.

S1P

SB + S1 anti-penetration.

S3

SB + S1P + water resistant.

KUSINI 2.0 BOOT

SB

- Upper: Leather & PU combination.
- PU padded tongue and collar.
- Non-woven fabric vamp lining.
- Metal eyelets.
- Nylon lace.
- Mesh lining & EVA foam insock.
- Wide-fitting, comfortable steel toe cap tested to 200J impact resistance.
- Single density PU outsole.

Colour: Black

Sizes: UK 3-13

EN ISO 20345: SB SRA

NRCS: 9002/2111/71/0200

Available: April 2025

STEEL TOE

- Barton print split leather 1.4-1.6 mm for increased durability.
